July 7–9, Elko

Invigorating High School and Middle School Earth  
Science Through Inquiry and Student Research

August 6–17, Henderson

For workshop links and details, please check <http://nnrec.org/profdev/summer/>. If you have additional opportunities to add, please contact Dan Allison, [director@nnrec.org](mailto:director@nnrec.org), 775-882-2375. The workshop must be more than two days, completely or partly within Nevada, and on environmental education (broadly defined as integrating multiple subject areas, not just environmental science), science, and inquiry.

Nevada Natural Resource Education Council
